To Get Christmas Turkey

Tokyo, Nov. 16 (AP)—American occupation troops in Japan will eat Christmas turkey on Thanksgiving. Their Thanksgiving birds were held up by the maritime strike on the U. S. Pacific coast. But their Christmas turkeys are en route from the east coast via the Panama Canal and will arrive in time for Thanksgiving.

Plane Is Found

Missing B-17 Is Located on Shore of Island in Ragay Gulf

Manila, Nov. 16 (AP)—The 13th Air Force announced today a flying Fortress which had been missing on a flight from New Guinea to the Philippines had been located. None of the 12 persons aboard was seriously hurt, the Air Force said. The B-17 was sighted first by a Philippine Airlines commercial transport on the shore of Little Aribabara Island in the Gulf of Ragay, the northeast arm of the Sibuyan Sea. The island is just off the east coast of Bonocdo Peninsula in southern Luzon and at the approximate location given by an S. O. S. picked up earlier today by the S. S. Ben Macduil.

Five New York Men Held After Raid at New Paltz

Harriman May Get More Power Under Truman Next Term

Treasury Agents, Troopers Seize Big Still Early Today on Galante Farm; Truck Was Loaded With Product

Five New York men were held under bail today for federal grand jury action following a raid shortly before 1 a. m. this morning on an allegedly unlicensed still near New Paltz.

Agents from the Alcohol Tax Unit of the U. S. Treasury Department with Sgt. Arthur A. Reilly of the State Police B.C.I., and State Trooper Heywood Rasmussen, conducted the raid at about 12:45 a. m.

The still was on the Galante farm, just south of the village and near Route 208, they said. They found nine tanks containing 18,000 gallons of mash, or about 2,000 gallons in each tank, and quantities of sugar and 180-proof alcohol.

Also on the property, the authorities said, was a truck loaded with the finished product and two sedans.

The five held on charges of "possession and operation of an unregistered still" are: Frank Nuccio, 29, of 265 Elizabeth street, New York; Vincent Nuccio, 36, same address; Rosario Colletti, 26, of 196 Elizabeth street, New York; James Striglione, 48, of 68 Fourth Place, Brooklyn; and Joseph Gambino, 24, of 26 Prince street, New York.

The five were arraigned this morning before U. S. Commissioner Isaac Platt at Poughkeepsie. He fixed bail at \$1,500 for the Nuccios and \$500 each for the other three.

The federal agents confiscated their findings for evidence and said that the still will be dismantled.

Admit Payments Made

Washington, Nov. 16 (AP)—Another series of witnesses told a House Committee today of making "bonus payments" to get new automobiles. They ranged from \$200 to \$400 on Hudsons obtained from the New York Avenue Motors Co. The House group is inquiring into automobile trade practices in the District of Columbia. Headed by Rep. Macy (R-N.Y.), it is a special committee on unfair trade practices.

Macy has estimated that extra payments are costing new car buyers across the country many millions of dollars. The committee opened hearings yesterday with testimony about \$500 "tips" paid by buyers who got new cars from the Kearney Oldsmobile Co.

City Officials See Downsville Work

Water Tunnel Is Holed to Divert Flow of East Delaware

Downsville, N. Y., Nov. 16 (AP)—New York city officials came here today for the holing through of a water tunnel to save their city from "drinking itself dry."

It is doing just that, warned Irving V. A. Hute, president of the city's water supply board, in a speech prepared for the event, marking work on Pepacton Reservoir.

Vincent R. Impellitteri, president of the New York City Council, described the work in another prepared talk.

"This tunnel, by diverting the entire flow of the East Delaware river, will make possible the formation of the Pepacton Reservoir, the greatest of all the city's reservoirs."

With the river temporarily out of the way through the tunnel—40 feet across—a dam will be built to make an 18-mile artificial lake. It will be part of a system to carry 540,000,000 more gallons of water a day to the city through 117 miles of rock tunnel.

Hute said the city's daily consumption is averaging 1,208,000,000 gallons a day while it can count on receiving only an average of 1,045,000,000 gallons.

Will Ask Increase

Telephone Company Plans to Apply to P.S.C. to Affect Most

New York, Nov. 16 (AP)—The New York Telephone Company plans to ask the State Public Service Commission today for an increase in telephone rates.

It was reported that the application would be filed in Albany, with the size and details of the proposed increase being made public at that time.

A company spokesman said yesterday that the application will be filed today, but he declined to disclose details.

The requested increase, it was reported, would affect most of the company's 4,500,000 telephones operated by the company, including all in New York city and surrounding areas.

U.S. Warns 7,000 to Get Out of China

Government Reports Are in Conflict With Red Reports That Control Is Tottering

Withdrawal Seen

Nanking, Nov. 16 (AP)—The Chinese government claimed a major victory on the Suchow front tonight to climax a confused day which still left the final outcome of the battle for the approach to Nanking in doubt.

Pro-government news papers splashed their buildings with red posters and exploded firecrackers to call attention to placards announcing the Communists had been routed northeast of Suchow and were withdrawing northward.

That news, circulated by the defense ministry's official military news agency, was in direct contrast to the generally accepted reports from other sources that the government control of the whole Suchow area was tottering.

The U. S. Embassy warned some 7,000 Americans to get out of China now or risk "hazardous conditions."

Government spokesman Hollington Tong denied reports Suchow had fallen or even was threatened with Red capture. He told the Associated Press: "The city is firmly in our hands and the Reds are withdrawing to the northeastward."

The Kuomintang Daily News, quoting a Chinese air force source, said reconnaissance planes had spotted a general Communist withdrawal northward from the Suchow front.

County Court Cases Before Judge Here on Monday

Juryel D. Thomas of Philadelphia, who back in December 1946, bought a car from the McSpirit Motor Car Company of this city, and then sold it while a chattel mortgage still existed, appeared in County Court Monday and entered a plea of guilty to grand larceny, second degree. He had been charged by the grand jury with grand larceny, first degree. Since the indictment Thomas had made full restitution to McSpirit, and the complainant in court said he did not wish to further prosecute. John E. Egan appeared for Thomas and asked that leniency be shown in view of the circumstances.

Woman Sentenced

Joan Anne Mroczek, who came from Sullivan county and immediately became involved with the law in Kingston and served time in the county jail following her arrest by police at a place on Ann street, charged a charge of grand larceny, second degree, and was sentenced to a term of from 2 1/2 to 3 years at Westfield State Farm Prison for Women at Bedford Hills. Miss Mroczek, 20, was represented by Andrew J. Cook, Jr., who called attention of the court to the fact that the defendant never had a chance. Her home life had been bad and she had spent 9 of her 20 years in institutions. The charge under which she was sentenced was for the taking of the car of George Matthews of this city.

The case of Edward James Eckert of Marlborough, assault first and second degree, for an alleged shooting was postponed until November 22. Since he was brought to jail Eckert has been in the Kingston Hospital for an operation.

The arson charge against Richard E. Lynch was also adjourned at the request of his counsel, Bernard A. Culliton, until November 22.

Memorial

In loving memory of our dear son and brother, Pvt. Joseph D. Moehlich, who was killed in action in Lorraine, France, November 14, 1944.

Four years have passed away. Since God called you home, Till memory fades and life departs, You'll live forever in our hearts.

In life we loved you dearly, In death we do the same. Signed, MOTHER AND SISTER.

IN MEMORIAM

In loving memory of our dear mother, Mrs. Friedericka Studt, who departed this life ten years ago today, November 16, 1938. Farewell dear mother, sweet they rest.

Wear with years and worn with age, Farewell, till in some happy place, We shall behold thy face again.

'Tis ours to miss thee all our years, And tender memories of thee keep. Thine in the Lord to rest, for so He giveth his beloved sleep. Signed, ALBERT AND JOHN STUDT and MRS. GEORGE C. BODE

In Memoriam In memory of our beloved mother, Mrs. Ida Neilsen, who departed five years ago today, November 16, 1943. Sadly missed. Just when your life was brightest, Just when your years were best, You were called from this world of sorrow.

To a Home of Eternal Rest, In our hearts your memory lingers Sweetly, tender, fond and true. There is not a day, dear Mother, That we do not think of you. DAUGHTERS AND SONS.

Letters Protest Removal of Trains

Letters protesting the reported plan of the New York Central Railroad to remove two trains from regular scheduled runs to and from this city, have been sent by Mayor Oscar V. Newkirk and the local Chamber of Commerce to the Public Service Commission at Albany. It was announced, today.

Antique Case

John A. Hadlock, Jr., of Pennsylvania and Abner C. Booth of Milton, through their counsel Charles Gaffney changed a former innocent plea to one of guilty to unlawful entry, the second count of an indictment which charged burglary and unlawful entry. The two were charged with having entered a place and taking antiquities. Restoration of the antiquities was made. Hadlock, 20, as well as Booth, 18, had the imposition of sentence suspended. Hadlock was directed to accompany his parents back to Pennsylvania and keep out of Ulster county. Booth will be taken care of by the U. S. Navy. He has been charged with being absent from the service and a detainer has been filed by the navy authorities. He will be turned over to the navy authorities.

Other cases on the calendar

Other cases on the calendar were moved over to future dates. John P. Williams was arraigned on a charge of forgery, second degree, in two counts. The act is alleged to have taken place on March 7, 1947. Mr. Van Haver appeared and a plea of innocent was entered and 10 days granted to make further motions. Mr. Haver asked that bail be fixed. Judge Cashin fixed bail at \$2,000. Benny Hummel was arraigned on a charge of abandonment, alleged to have taken place on January 19, 1947 and violation of Section 482. A plea of innocent was entered and Judge Cashin announced that an adjustment of the matter would be undertaken and the case go over to permit the defendant to make contributions to his family.

Court recessed until 10 o'clock Tuesday.

Strike Causes Removal of Trains

Continued from Page One week-end overtime pay from \$2,624 to \$2,774 an hour.

Mayor James M. Cudley of Boston, asked President Truman today to "expedite settlement" of the strike.

In a telegram to the President at Key West, Fla., the Boston mayor said: "The longshoremen's strike, if permitted to continue, will work serious injury not only to the people of Massachusetts but along both coast lines. 'If something may be done to expedite settlement of the question, I am quite sure it will meet with the general approval of the entire American people.'"

The railroad embargo on foreign-bound and coastwise freight was extended yesterday to Port Newark, N. J., and Portland, Me. An embargo already had covered New York, Boston, Philadelphia, Baltimore, Wilmington, Del., and Hampton Roads. Troops of foreign mail also spread.

Economic Cooperation Administration Paul G. Hoffman said in Washington last night that a special appeal may be made to the longshoremen to load coal and grain for Marshall Plan nations.

Ryan, refusing to handle Marshall plan shipments, has said his union men will lead only army supplies and mail.

New York's Mayor William O'Dwyer, who stands ready to cooperate with federal mediation officials in efforts to settle the walk-out, was assured by the union yesterday that supplies here will not be curtailed. Ryan told the mayor that harbor tugboats will continue normal food and fuel handling.

The Swedish American liner Stockholm docked in New York yesterday, and the line announced the ship will carry 400 tons of cargo to Sweden.

Meanwhile, in San Francisco, negotiators reported progress in efforts to speed settlement of the 75-day-old west coast waterfront strike tieup.

G.O.P. May Not

Continued from Page One was credited to Dewey's desire to do something for such pre-nomination supporters as Senator Ed Martin of Pennsylvania and Joseph Grundy, Pennsylvania G.O.P. leader.

However, Dewey's team—consisting of Herbert Brownell, Jr., Russell Sprague, New York national committeeman, and Ed Jaekel, Buffalo leader—took over the actual running of the campaign.

Of this group only Sprague holds any official position with the national committee. Dewey has other friends among committee officials, however, although there are few changes in the permanent staff here.

Friends said Scott would like to remain as national chairman in the belief that he could help coordinate congressional Republican policies with those of the national committee. But a lot of Republicans apparently think, with Kelland, that it may be time to start rebuilding with a fresh crew.

As a twice-defeated candidate, Dewey's influence is likely to be at a low ebb in committee affairs. He has said he won't give up his titular leadership of the party. But he has announced he won't run again.

(B) Such withdrawal and reduction of their armed forces as will insure the maintenance of the armistice during the transition to permanent peace in Palestine.

Aubrey S. Eban, Israel's U. N. representative, said the Canadian proposal supports the position of the Israeli government.

He was critical, however, of a section of the proposal which would retain the Security Council's resolution of November 4. This resolution orders opposing forces to withdraw from the Negev front in southern Palestine and puts most of the Negev desert under U. N. control.

The resolution "endorses" Arab occupation, but not Israel's occupation of its own territory," Eban said. He pointed out that the U. N.'s partition of Palestine gave Negev to the Jews.

Faris El Khouri of Syria told the council the Jews may believe "they have won the first round, but that doesn't mean the end." He predicted there would be continuous conflict in the Holy Land.

Khouri said the Canadian proposal called for an armistice and negotiations. Negotiations, he added, implied they would be held between sovereign states, and the Arabs have never recognized the Jewish state.

Newburgh Flier Burned in Crash At Tempelhof Field

Berlin, Nov. 16 (AP)—Four U. S. Navy and Air Force flyers were injured when their lift plane carrying 10,000 pounds of coal to blockaded Berlin crashed and burned last night at Tempelhof Airport.

Most seriously injured was Lt. Cmdr. Stephen Lukacic, U. S. Navy, of Newburgh, N. Y., who suffered burns. The plane, a navy craft, overshot a runway on landing and crashed. It was formerly assigned to the Pacific Division of the air transport service on Guam.

Promises to Pay For Truck Damage

Gilbert Carter of New York city, charged with grand larceny, second degree, growing out of the taking of a truck of John Gill and damaging it in an accident near Marlborough, was given a suspended sentence of from one to two years in Clinton prison today by Judge John M. Cashin.

Carter, an employee of Gill, at the time of the affair claimed he had been drinking and was en route to a grocery store to make purchases and had no intention of stealing the truck. Carter, who has a job waiting for him, agreed to make restitution for the damage done. He was placed on probation and his protection will be transferred to New York.

Carter was represented in court by a New York attorney, who told the court restitution would be made. At the close of the case counsel thanked the court, the district attorney and sheriff "for the splendid co-operation and consideration" which had been shown him. He said in New York the reception of counsel probably would not have been so cordial.

There were no other criminal cases ready and with the announcement of settlement of two civil cases, the civil calendar collapsed and jurors were excused for the term.

Court adjourned until 2 o'clock Monday, November 22, without a jury. Civil cases announced settled were:

No. 10, William S. Jackson against Sam and Edna B. Sperling, rescission of contract.

No. 24, the People of the State of New York vs. Morris Levine, an appeal from justice's court.

Several other cases on the civil calendar were moved over the term.

Ambrose Is Building New Ice Cream Plant

A manufacturing plant and wholesale distribution center for Ambrose Ice Cream is being constructed at 28 Jansen avenue by Michael Ambrose. The building will house an ice cream manufacturing plant as well as a loading center for the Ambrose trucks, he said.

The building is of concrete block and brick construction, 30 by 50 feet in dimension. The cost of the building itself, exclusive of equipment, was estimated at \$35,000 in the building permit application filed in September.

All new machinery has been ordered to produce ice cream and novelties to supply the trucks and wholesale trade. The new plant will not replace Ambrose Brothers' present plant behind their store at 364 Broadway, as that will continue to supply the retail trade at the store, Michael Ambrose said.

A modern truck was placed in service this past summer to sell ice cream and novelties at retail on the streets. A second truck will be added next summer, Ambrose said.

Machinery for the new plant is expected to arrive in about one month.

A drastic shortage of gold yuan has forced Nanking banks to sharply limit withdrawals. Here are the victory claims made by Military News Agency:

1. Nine of Red Gen. Chen Yi's columns are retreating toward Taiherhuang, northeast of Su-chow, after a defeat by Gen. Huang Po-Tao's Seventh Army Corps, which fought its way out of an encirclement with the aid of mechanized troops under Col. Chiang Wei-Kuo, the president's youngest son.

2. Four Red columns attempting to overwhelm Suhsien have been encircled by government troops.

3. Communist remnants are retreating eastward from Suichow along the 25-mile rail line to Payachi.

4. Acting under martial law, Nanking's headquarters garrison tightened its grip on the capital's activities. In a wave of arrests purportedly against subversive elements, 82 persons were jailed last night, including six Chinese newspaper reporters and editors.

Gets Annulment

Eleanor S. Nadeau of West Hurley has been granted an annulment of her marriage to Raoul Nadeau of Poughkeepsie by Supreme Court Justice Harry E. Schirick. The order, which was signed on November 13, gives custody of a child, Elaine, to the mother and awards \$30 a week for support of the child. Robert G. Groves appeared for the plaintiff and there was no appearance on the part of the defendant.

Supervisors Vote For Construction Of Notch Highway

The Greene County Board of Supervisors voted unanimously last week in favor of the continuation of the Notch road in 1949 under the Federal Aid Secondary Highway Program. The action was taken at a meeting held in Catskill attended by members of the Parents' Committee.

John Papp, chairman of the Parents' Committee, opened the meeting by asking the board whether it was in favor of the continuation of the construction of the road and also if it would pass a resolution that if any Federal Aid money was granted to Greene

county would it be spent on a new section of the road in 1949. Claude Thompson, chairman of the board, answered the question by saying that he doubted whether the board could pass any such resolution as the board members felt that the original resolution was for the entire road to be constructed by the state and also that the board had not received any notification from the Department of Public Works in regard to the Secondary Federal Aid Program.

Anthony Kirk, a committee member, later asked the board if it would be willing to go on record as favoring a designation for the continuation of the construction of the road if any funds were available to Greene county under the Second Federal Aid Highway Program.

After Chairman Thompson reiterated that he had not received any notice of Federal Aid appropriation authorized by the state, Papp told the group that he had received a letter from F. L. Brown, deputy superintendent, Department of Public Works, saying that if the county board of supervisors designate the Phenicia-Stony Clove highway as the road on which the money would be spent, the department would cooperate and endeavor to place construction of a new section of the roadway under contract as soon as possible.

After this point was brought out, the board voted in favor of the continuation of the road in 1949 under the Federal Aid Secondary Highway Program.

It also was stated by Chairman Thompson that the Notch road, known as route 214, was the only road listed in Greene county for construction under the Federal Aid Secondary Highway Program.

School Miss, 12, Says She Wants Her Duds

Walla Walla, Wash., Nov. 16 (AP)—Foul play? That's what Walla Walla county officers thought when a girl's clothing was found last Friday beside a rural road.

Today the young owner said the foul play was in her "duds" being taken.

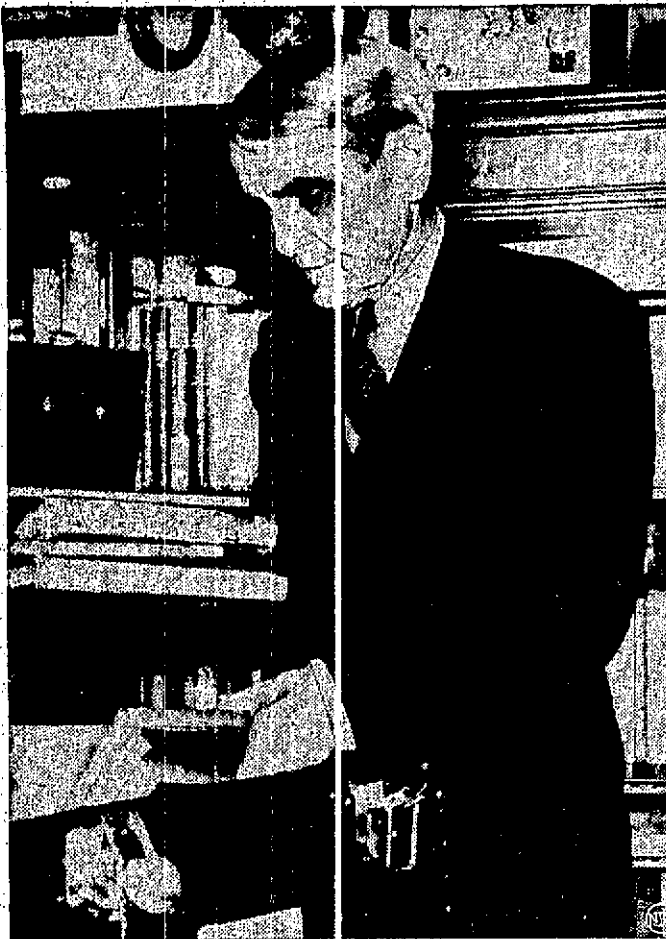

Into the sheriff's office marched a 12-year-old miss whose family has a farm five miles southeast of Burbank.

"I'd like my clothes, if you please," she said. Officers gave them to her after she told this story.

Every school day morning she has to trudge three miles through sagebrush and over fences to catch her school bus. To save her good clothes she puts on old slacks and a sweater over them, plus extra mittens and boots.

"Off come the old clothes when she reaches the road. A big bundle is the hiding place for her things. That's where a county road crew found them, starting an investigation.

Kiwanis Kapers Promises to Be Bigger, Better

William Leehive, president of the Kingston Kiwanis Club, reported today that every active Kiwanian in Kingston has a part in the 1948 Kiwanis Kapers to be held at the high school auditorium November 29 and 30.

The most interesting thing about the whole show is that the Kiwanians are having just as good a time whipping the 1948 show extravaganza into shape as the audience will have on the two nights of the show, according to Leehive.

General rehearsals have been held every Sunday at the K. of C. hall and group rehearsals have been held during the week. This year's bevy of "beauties" surpasses all previous impersonations for sheer feminine pulchritude. The music provided by Shapiro and Bernstein is of the best. In fact the entire organization is working overtime to give the spectators a first class, big time show. You will not only get your money's worth in entertainment, says Leehive, but don't forget the purpose of the show, to provide college scholarships for five more Kingston students.

The New Governors

Boston. (AP)—The most eligible bachelor in Massachusetts is its next governor, Paul A. Dever.

Dever, a Democrat, won with a plurality of 389,000—the biggest vote ever given a Baystate governor. He's only 45, but he has been in politics for 20 years—winning three years out for wartime service in the navy.

He lost a race for governor in 1940, when Leverett Saltonstall was reelected.

Saltonstall, now a senator, was the only state Republican to survive this year's Democratic sweep. When Dever got out of the navy, he said he was going to stick to his law practice, but he jumped back into politics by running for lieutenant governor in 1946. He lost that time, too.

Dever has announced he will ask the Federal Power Commission to probe Massachusetts' electric light rates, which he says are among the highest in the country. He also plans to investigate the Metropolitan Transit Authority, created by the Republican Legislature last year to operate Boston's transit system.

He says the trustees had decided to raise the 10-cent fare to 15 cents but were withholding the announcement until after the election. In his campaign he charged that the \$200,000,000 housing program of Republican Governor Bradford, nearly a year old now, hadn't built a single home. Dever says he will see to it that "bureaucracy yields to the immediate need for homes."

Dever was born in Boston. His father died when he was eight, and he peddled papers and ran errands while he worked his way through Boston Latin School. He worked nights in a rubber factory while winning top honors at law school.

First Republican, 28 Years
Salt Lake City (AP)—Utah's first Republican governor-elect in 28

years "isn't worried at all" by the fact Democrats will control all major state offices and the Legislature.

"I've found that a majority of any group will support you if you show them you are doing the right things," says J. Bracken Lee.

"In my undertakings I'll try to get the public behind me in advance."

Mayor of Utah's coal-mining center of Price for 12 years, "Brack" Lee is 49 and in the general insurance business. He did not seek reelection last year as mayor.

He has had many hobbies—oil painting, trapshooting, home movies, building things. He played baseball, but when "I slowed up enough so they moved me into the outfield I figured I was through."

Lee stands 5 feet 11 inches, keeps his gray hair cut close. He's a veteran of World War I and the father of two sons and two daughters.

In Price, where he was born, he was regarded as a mayor who got things done. During his administration the city built a civic auditorium and parks, modernized its hospital and water system and abolished property taxes. Power rates were reduced.

Lee stayed in his home town, close to his family, as election night returns showed him withstanding the Democratic tide.

One of his first recommendations to the Democratic Legislature, he says, will be to abolish the Enforcement Division of the State Liquor Control Commission.

"Cities and counties should enforce the liquor laws," he insists.

The issues of his spirited race with Democratic Governor Herbert B. Maw were almost entirely of a state nature. Maw was the first person to go after a third term as governor in this state.

Lee's victory was no surprise to Beehive State students of politics. Four years ago, when the

Jailer Is Slain, Two Are Sought

Elizabethtown, N. Y., Nov. 16 (AP)—State police and deputy sheriffs hunted today for two prisoners who escaped from the Essex county jail after the slaying of a 64-year-old jailer.

The body of Earl Torrence was found last night by Sheriff John P. Crowley in a second floor hallway near an iron gate that opened into the cell block. The jailer's head was battered, Crowley reported.

Crowley identified the escaped prisoners as Edmund Hart, 21, of Keeseville and William Moody, 31, of Saranac Lake.

More than 20 state police and deputies searched through the heavily wooded mountainous terrain in the vicinity of this Adirondack mountain village. Roadblocks were established on all roads leading from the village.

Hart was under indictment for burglary and Moody was under indictment for grand larceny, Crowley said. Both were awaiting trial.

U. S. Civilians in War-Torn China

American flags indicate locations of American citizens in China as plans were begun to evacuate some 1500 of them by air and water. Figures under each city indicate estimated number of Americans there. Estimated total is 7408 persons, not including embassy, consulate, Economic Co-Operation, and military personnel. More than half of the Americans in China are missionaries, and most of these show no intention of leaving.

I.T.U. Eliminates Certain Demands

Indianapolis, Nov. 16 (AP)—International Typographical Union locals now negotiating new contracts have eliminated certain of their demands against newspaper publishers, a statement filed in Federal Court said yesterday.

The statement, signed by the four top officers of the A.F.L. union, said the I.T.U. is obeying a court order by Judge Luther M. Swygert against violations of the Taft-Hartley Labor Act.

The northern Indiana U. S. district judge had cited the four officers and the union for contempt of court and had given them until last midnight to comply with the order for modification of certain contractual demands.

The contempt citation accused the union of insisting on a closed shop, discriminating against non-union members, and supporting strikes against newspapers in violation of an injunction issued by Judge Swygert last March 27.

The union's statement said the locals have been instructed in writing to cease proposing the clauses prohibited by the court ruling. The I.T.U. said clauses conforming with the court order have been sent as substitutes to the locals.

Local strikes began Nov. 20, 1945, and spread nationally. In the following two years, they now involve 49 newspapers in 29 cities in the United States, Canada and Alaska.

The compliance statement was signed by international officers Woodruff Randolph, president; Larry Taylor and Elmer Brown, vice-presidents; and Don Hurd, secretary-treasurer.

Plans for School To Be Discussed At No. 7 Session

Plans for the new school building will be discussed at the Parent-Teacher meeting in School No. 7, Wednesday night, at 8 o'clock. Arthur J. Laidlaw, superintendent of schools; Robert Herzog, president of the board of education; and Harry Halverson, architect, will be present to explain and answer questions concerning the plans.

A special invitation has been extended to parents of children in School No. 8 in as much as their children will be involved in the proposed building. Any one in the city who is interested is invited also.

The idea to discuss the plans was expressed at the last meeting of the No. 7 group. In accordance with this desire arrangements were made for tomorrow night.

Following the program refreshments will be served by the committee of Mrs. Arnold Cohn, Mrs. Herbert Kletske and Mrs. Gorman Schellhammer.

CHINESE WAR

Communist columns (arrows) had cut off Gen. Huang Po Tao's Nationalist 7th Army Corps at Nienshang and were menacing Suhsien, presenting a new threat to the west flank of the battle for Suchow. Chinese Central News Agency said that China's first mechanized army, under General Chiu Ching-Chuan, had broken through Red lines around Suchow and had joined units of the 7th Corps.

Thacher Will Quit Court of Appeals

Albany, N. Y., Nov. 16 (AP)—Associate Judge Thomas D. Thacher says he will retire from the New York State Court of Appeals Thursday to return to private law practice.

At the Presbyterian Medical Center in New York city, Thacher said yesterday he was retiring from the state's highest court "for purely personal reasons." He did not elaborate.

At Governor Dewey's office, a spokesman said he did not know of a resignation having been received. The governor is vacationing in Arizona.

The judge refused to comment on reports that he was resigning from the \$25,000-a-year post because of ill health.

He said he would resume private law practice with Simpson, Thacher and Bartlett, a New York city firm in which he had served from 1908 to 1925. His father was a founder of the firm.

Thacher, a Republican, sat for the last time on the bench in June. He was appointed by Governor Dewey in May, 1943, to succeed Judge Edward R. Finch, who had retired.

Thacher was selected to a full 14-year term the following November.

He was born in Tenafly, N. J.

Thomas Will Face Trial January 10

Washington, Nov. 16 (AP)—Bartering delays or a shift to another city, Rep. J. Parnell Thomas will go on trial here January 10 on charges that he conspired to pad his office payrolls.

The New Jersey lawmaker entered a formal plea of innocent to the indictment at a surprise arraignment late yesterday. He had been scheduled to appear today.

Thomas was fingerprinted and then released on \$1,000 bond.

Judge Richmond B. Keech, who received Thomas' plea, fixed the trial date and set November 29 as the deadline for preliminary motions—such as a possible one to transfer the trial away from Washington.

Thomas has been the subject of hot controversy as chairman of the House 'Un-American Activities Committee, a post he will lose when the Democrats return to control Congress January 3. The New Jersey Republican was re-elected to his seventh term in the November 2 election.

He was indicted by a federal grand jury here six days later on charges of fraud and conspiracy growing out of alleged salary "kickbacks" from his office employees.

William H. Collins, Thomas' attorney, said his client moved up the arraignment to permit him to return to his Allendale, N. J., home.

Thomas' former secretary, Helen Campbell, who was indicted with him, was scheduled to be arraigned today.

Pilot Hazard

A stroke of lightning which hits an airplane flying through a thunderstorm usually does little physical damage to the plane itself, but is rated as one of the greatest psychological hazards to the pilot.

New Transformer

A new distribution transformer for residential electrical service has versatility. When a section of its line becomes faulted or overloaded, it automatically drops it without affecting service to any of the other tenants in its domain.

... And He Knows How to Get It Out!

Building an airplane in your basement can be tricky business, but Bert Dudek, of Cleveland, O., knows how he'll get this one out. A World War I aviator and long-time aircraft mechanic, Dudek has been building this replica of a 1915 biplane in his spare time since 1936. When it's finished, he'll disassemble it, haul it out in parts; then reassemble it at the airport. The plane, with an 80-horsepower motor, is capable of flying.

Opening leads play a very important part in contract bridge. As I have said before, do not lead "from fright," and do not follow the old adage, "When in doubt, lead trump." Generally a trump should be led only when the bidding indicates that declarer probably will want to do some ruffing in dummy.

First a word about the bidding of today's hand. South has a two-suiter, which is the type of hand on which you want to get to game. Therefore, South should open the bidding with a two-bid.

West should realize from the bidding that declarer will have some heart losers which he will want to ruff in dummy. Therefore, a trump lead is a very fine opening on this hand. With the normal opening of the queen of diamonds, South will make his contract easily.

West opens the ace of spades and continues with a small spade which declarer wins with the king. He cashes the ace of hearts and then leads a small heart. West wins this trick and returns the third spade. Now it is impossible for South to make his contract as his ruffing possibilities have been killed by West's spade leads. In addition to the ace of spades, declarer also must lose three heart tricks.

Foster Parents Business Meeting

Catholic Home Bureau Stresses the Need for Additional Homes

Foster parents of the Catholic Home Bureau met for the second semi-annual business meeting at the Knights of Columbus hall on Sunday afternoon. The Catholic Home Bureau, a child-caring agency placing children in Ulster county, began these meetings last year at the request of its foster parents. The purpose of these gatherings is to give the foster parents an opportunity to discuss with the agency how its planning for the foster children fits into their community and to suggest changes and improvements where indicated.

On the agenda of Sunday's meeting was the agency's recent board and clothing increase. New procedures in the Catholic Home Bureau's medical and dental program was reviewed. The need for additional foster homes was stressed by James J. Mallon, the agency representative in the Kingston area. Describing the work of the Cardinal's campaign for foster homes, Mr. Mallon requested the cooperation of the

foster parents in this crusade for new foster homes.

Mrs. Joseph Lewis, a Kingston foster mother, was chairman of the refreshment committee. Also in attendance were Mrs. Julia Fasano, Mr. and Mrs. Freeman Stay, Joseph Lewis, Mr. and Mrs. Edward Leyder, Miss Jane Glover, Mr. and Mrs. John Mac Lellan and Mrs. Sarah Keenan, foster parents in Ulster county.

Also representing the agency were Lawrence D. Gaughn, assistant chairman, Joseph Barbaro, Miss Rosemary Colter and Miss Grace Nelson.

Christmas Program Backed By Industrial Committee

Letter Has Been Sent to All Industries Asking Contributions for the Decorating Fund

The drive for funds to finance the Kingston Christmas program now has the full support of the Industrial Promotion Committee of the Kingston Chamber of Commerce. S. W. Siegel, president of Kingsley Fashions and chairman of the Industrial Committee, has written a letter to all industries asking them to make contributions to the Kingston Decorating Fund. The letter also will be sent to a large list of citizens by Mr. Siegel.

Thus far contributions range from \$5 to \$300 for industrial firms and merchants, and \$1 to \$50 for individuals. Any surplus raised will be used for the benefit of the children of our city at Christmas.

The following is a complete copy of the letter sent out by Mr. Siegel:

November 12th, 1948
Dear Friend:

There are places in the world where Christmas is a hope and a dream. It lives in the hearts of those who are hungry and terrified because its spirit is eternal.

In America Christmas is a reality. In Kingston the season brings us a moment of the kind of world in which we would like to live all through the year. We have every right to rejoice in this season of good will. The symbol of Christmas is light. In places, the Yule log may be replaced by the electric bulb, but there can be no Christmas without the brilliant glow of thousands of lights. Our city must reflect the spirit of Christmas. The beauty of the city at Christmas has always been a cause of civic pride. Continuous lights on Broadway, for example, are necessary for the city-wide celebration, and so I am addressing you and asking your generous contribution to the lighting fund.

This year, among other things, we are running a school room decorating contest, a home decorating contest and other important features appropriate to the season.

Our project is in charge of an independent and self-supporting committee. I, as the chairman of the Industrial Division, personally solicit your support. A beautifully illuminated city will not only help retail sales but will increase the joy of the festive Yuletide season.

There is an additional reason for your generosity this Christmas.

mas. The committee plans to use any surplus funds from the lighting project for the benefit of the children of the city in cooperation with the mayor.

Let your contributions reflect the spirit of the season, your civic pride and your warm interest in the youngsters of this town. Make your checks payable to the Kingston Decorating Fund and mail them to the Chamber of Commerce.

To date, contributions range from \$5 to \$300 for industrial firms and merchants, and \$1 to \$50 for individuals, based largely on the volume of business carried on by the respective firms. Each contributor will receive an itemized statement of expenditures and the committee will publish the names of contributors.

The committee and its chairman thank you in advance for your generosity on behalf of our children and the entire community. We are confident that you will rise to the spirit of the occasion and do your utmost to make this the most brilliant Christmas celebration in our history.

We are sure that will help create a Yuletide spirit in Kingston that you, your children and your neighbors so justly deserve.

Sincerely,
INDUSTRIAL PROMOTION COMMITTEE OF THE CHAMBER OF COMMERCE
S. W. SIEGEL, Chairman

P.S. We address this letter not only to merchants and employers but also to employees of all concerns and members of all professions as well as all other civic minded citizens of Kingston and vicinity as the spirit of Christmas has no bounds.

Lyons Says State Has Had No Gain In Rate of Crimes

Albany, N. Y., Nov. 16 (AP)—State Correction Commissioner John A. Lyons said today that contrary to predictions of some criminologists there had been no post-war increase in New York's crime rate.

Lyons said in an interview the crime rate had remained at virtually the same level as before World War Two.

The state prison population at the end of October was 16,517. This was 1,789 below the all-time high of 18,302 in March, 1941.

Lyons said the low for the 1941-1945 wartime period was reached in October 1945 when the state prison population was 14,453.

He attributed the drop in the prison population during the war to a decrease in the state's population rather than a decrease in crime. The absence from home of thousands of young men in the armed forces accounted for the population decrease.

Juvenile delinquency, Lyons said, has been combatted with considerable success through activity of the State Youth Commission and by community projects.

He said that an upsurge in crime by returning servicemen had materialized to the extent that some had feared.

These fears, Lyons said, were based on ex-servicemen's familiarity with killing and the fact that they might have easy access to firearms.

Actually, Lyons declared, post-war experience has shown that veterans have readjusted to civilian life readily in a vast majority of cases.

Helping in that readjustment, he said, was the fact that post-war employment has remained at

high levels. The continued high employment also has reduced the migration of war-workers, who, in many cases, have been able to find work at their war-time locations. Unemployment and a shifting population both tend to increase crime rates, Lyons explained.

In general, Lyons declared, the war does not seem to have affected the pattern of crime in the state.

He cited arrests for major crimes during the past October as fairly typical of the general pattern immediately before, during and after the war.

During October, there were 2,083 arrests for major crimes in the state. Thefts or attempted thefts led the crimes with 552 arrests. Other arrests included 44 on charges of murder or non-negligent manslaughter; 16 for manslaughter by negligence; and 357 for felonious assault. Sex crimes, including rape, accounted for 202 arrests in October.

Wage Demands Given To Edison by Union

New York, Nov. 16 (AP)—Wage demands calling for 15 cents per hour more for an estimated 30,000 Consolidated Edison Workers in New York city and Westchester county were submitted to Consolidated Edison yesterday by the C.I.O. Utility Workers Union of America, the union announced.

Patrick McGrath, regional director of a group of locals involved, said the union already has given the company 60 days notice, under the Taft-Hartley law, that the union wishes to terminate its contract December 31.

He said the union, in addition to the demand for 15 cents per hour increase on present rates starting at 81½ cents an hour, is seeking a minimum starting rate of \$1 an hour, a guaranteed pension plan and a union shop. The company said the demands had been received and would be studied.

Clues Are Studied In Florida Slayings

West Palm Beach, Fla., Nov. 16 (AP)—Law enforcement authorities today sifted meager clues in the studio slaying of Leno Lazzari, 48-year-old nationally famous decorative sculptor, and his wife, Louise, 42.

The sculptor and his second wife were found shot to death in their home at Boca Raton, Sunday. Both had been shot twice.

"It looks more and more like a cold, calculated, premeditated murder," said Police Chief W. H. Brown of Boca Raton.

Powder burns indicated the couple had been shot from a distance of not more than 12 inches, according to Sheriff's Deputy Jack Simmons.

"Nothing in the apartment was misplaced," Simmons said. "Everything was in its usual place."

He said a shotgun belonging to Lazzari had been fired and the charge struck the refrigerator. Then the weapon was replaced in its usual spot.

Mrs. Lazzari's pocketbook was found in an abandoned jeep which the killer apparently had driven to West Palm Beach from the murder scene. Police found it parked across the street from the Florida East Coast Railroad station.

Franco Lazzari, 24, was questioned for 12 hours yesterday and then released. County Solicitor

W. E. Roebuck said Franco, son of the slain man by a former wife, was "above suspicion."

Franco's mother, Mrs. Julia Lazzari, also was questioned briefly and released. Both live here.

Union Board Says Referendum Was Fraudulent Act

New York, Nov. 16 (P)—Recent referendum in the C.I.O. Transport Workers Union's biggest local has been ruled null and void on the ground of fraud.

The action was taken yesterday by the union's international executive board by a 17-8 vote. The board offered a \$1,000 reward for evidence as to who committed the alleged fraud.

The referendum of Local 100—covering New York city—contained a proposal that the election of top T.W.U. officers be by secret vote of the union's entire membership.

This proposal, subject of a left versus right wing clash in the union, was rejected by the local by 23,900 to 1,600 votes.

Michael J. Quill, T.W.U. international president and a right-wing leader, opposed the secret ballot. He maintained that delegates to the T.W.U. international convention in Chicago next month should continue to elect officers.

The international executive board supports the union's left-wing bloc of leaders.

Quill has claimed support of 85 per cent of the convention delegates, and said he will appeal the board's action at the Chicago convention.

His opponents say that outside New York, the secret ballot proposal was approved by a vote of 9,456 to 4,956.

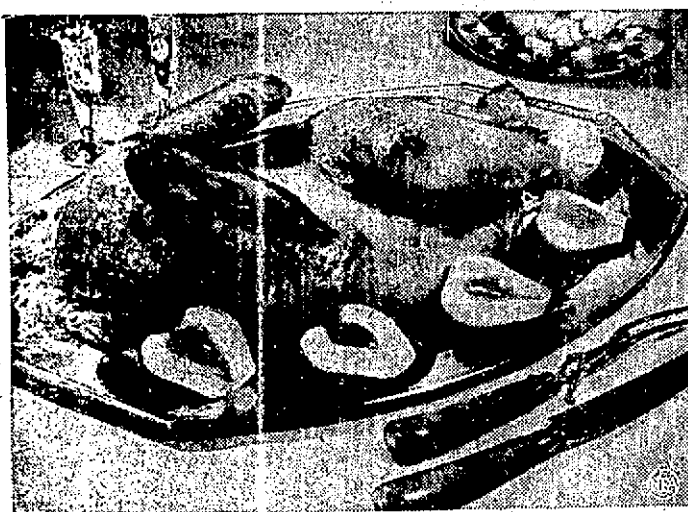

The international executive board, by 13 to 6 votes, condemned the suspension from office last week of Austin Hogan, president of Local 100 and a left-wing leader. Hogan was suspended by the right-wing executive board of the local.

The international board denounced factionalism inside the union as "a cancer on the body of T.W.U."

Sweet potato crop of 1946 was estimated at 66,807,000 bushels.

EAT WELL for Less

FAMILY SMALL? USE HALF TURKEY

For the small family, roast half a turkey.

By GAYNOR MADDOX
NEA Staff Writer

For a smaller Thanksgiving cost for a smaller family, buy and roast a half turkey. Many grocers and meat dealers feature them. Cut in half lengthwise, they give a good selection of white and dark meat, a wing, thigh, leg and breast.

The half turkey will look attractive on the platter, garnished with canned pear or peach halves filled with cranberry jelly.

To prepare and roast your half turkey, follow these instructions from the Poultry and Egg National Board:

1. Preparation: Rub cavity (cut side) with salt (½ teaspoon per pound of bird). Skewer skin to breast meat. Tie leg just above the knuckle joint—securely to tail.

2. Ready for Oven: Place turkey cut side down on a rack in a shallow pan. Brush bird with melted fat and cover with fat-moistened cheesecloth. Roast in pre-heated oven set at 325 degrees F. Allow about 25 to 30 minutes per pound.

3. Dressing: Allow scant ¾ cup dressing per pound of bird purchased. Mound dressing on a well-greased double thickness of waxed paper to approximately the shape of the half turkey's cavity.

4. Dressing Meets Turkey: When the bird is about half done (1½ to 2 hours), remove from oven and place paper with dressing on rack. Replace half turkey over the dressing and continue roasting until done. Bake extra dressing in pan last hour of roasting, basting with pan juices.

5. Is It Done? Spoon fat from bottom of pan to moisten cloth if necessary during roasting. Press the fleshy part of drumstick with your fingers protected by a cloth or paper. If the turkey is done, the meat feels soft. Remove cloth if more browning is desired toward end of roasting.

New Cranberry Fruit Sauce (Makes 1½ quarts)

Two cups sugar, ¼ teaspoon cinnamon, 1 cup water, 1 cup apple juice, 1 apple, peeled and cubed, 4 cups fresh cranberries.

Combine the sugar, cinnamon, water and apple juice in an enamel or glass saucepan and cook 5 minutes. Add the cubed apples and cook until clear and translucent but not mushy. Add the washed cranberries and continue cooking until all the skins pop—about 5 minutes. Let the sauce cool without stirring. Chill and serve with roast chicken, turkey, meat, loaf or fish.

TOMORROW'S MENU

BREAKFAST: Canned blended orange and grapefruit juice, ready-to-eat cereal, French toast, syrup or jam, coffee, milk.

LUNCHEON: Canned oxtail soup in bowls, whole wheat bread, butter or fortified margarine, baked apples, gingerbread, cheese, tea, milk.

THANKSGIVING DINNER: Grapefruit on half shell, roast half turkey, giblet gravy, new cranberry fruit sauce, mashed potatoes and turnips, creamed white onions and peas, celery, olives, raw carrot sticks, steamed Indian pudding, vanilla ice cream, coffee, milk.

PrepSchoolCloses; 2 Possible Cases Of Polio Reported

Washington, Nov. 16 (P)—Georgetown Preparatory School at nearby Garrett Park, Md., was closed today—a week early—on the Thanksgiving holidays after two boys contracted what is believed to be poliomyelitis.

Rev. William F. Maloney, S.J., headmaster of the 168-year-old Jesuit school, said that Henry O'Brien, 17, of Pittsburgh became ill Friday and Lawrence Kennedy, 16, of Mt. Kisco, N. Y., was ill Saturday.

The two were on the same football team and lived on the same floor.

They are in Georgetown University Hospital, where doctors said their condition was "good"—but it was too early to say what type of polio they have.

Father Maloney said doctors recommend that the school remain open but after he advised parents of all the students of the situation a number of them said they would keep their boys out of school.

"We were compelled to close the school to avoid a mix-up in schedules," Father Maloney said.

As Pegler Sees It

Continued from Page Four

what they are talking about. Mr. Truman adopted without change the propaganda published by the union bosses at the expense of the fifteen million tithers in our unions. The burden of this refrain was that the Taft-Hartley law was a union-busting law. If it had been a union-buster I would have campaigned for it myself because unionism is a civic parasite and corruption ravenous and foul. It has no leaders but only bosses ruling by power, patronage and graft.

The President's campaign on his Taft-Hartley fallacy in the guise of an issue was good politics by the cynical standards which are now the standards of almost all the people. Even learned men on the Republican side were so far corrupted that they chuckled at Truman's theatrical fury over a mere phrase put on his lips by the press-agents of the gangsters. The thing to do was to infuriate the voters over a decoy issue. Had Mr. Truman stuck to the facts he would have found himself boring them with explanations of the law's clauses and finally putting them to sleep with the unexciting truth that it was, on the whole, clumsy and impractical.

The fact that Adolf Hitler's approach to the German people was very similar in no special belittlement of Mr. Truman, or Hitler, Der Fuehrer was not the first to

arouse a people's self-pity, and the resemblance between his shrieks against the Versailles diktat and Truman's abuse of Taft-Hartley was purely coincidental. To his denunciation of the 75-cent lamb chop, Dewey's obvious answer was that a brick-layer who gets \$2.50 an hour four days a week and \$5 an hour on Saturday for laying a gang-average of 224 a day, when he could lay a thousand without pushing, ought to pay at least \$1.50 for his lamb chop. Through the power of his union he is retarding productions of homes and driving up the rents to heights which make it necessary to flinch money from future generations to subsidize construction.

This is typical of the devouring corruption of unionism, which Truman befriended and Dewey didn't dare attack.

Court Will Rule About Duality of Town Names

Pittsburgh, Nov. 16 (AP)—How many towns of the same name can a state handle? That question will be put before the Pennsylvania Superior Court by a group of taxpayers of Jefferson township, Allegheny county, who want to incorporate under the name of Jefferson.

During a hearing yesterday before Judge Russell H. Adams in Quarter Sessions Court, it was pointed out that there already is a Jefferson in Greene county, Pa., as well as a Jefferson borough.

On the other hand, Attorney Leo Kostman, representing the group seeking incorporation, said there already are 12 municipalities named Jefferson in the state and that one more won't make much difference.

Judge Adams referred the matter of the name to the State Superior Court adding that he will rule on the incorporation after that issue is settled.

U. S. Builds Airfields

Jackson, Miss., Nov. 16 (AP)—The United States is building airfields behind the Sahara Desert for use if the European continent is lost, Sen. James O. Eastland of Mississippi says. In a

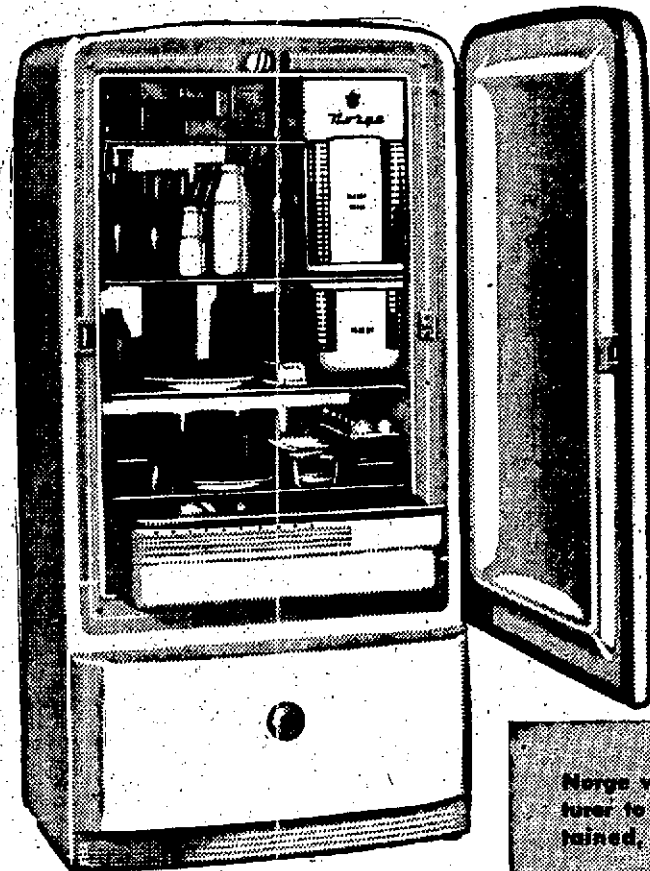

speech to a civic group yesterday, he warned that "Russia is preparing offensive war machinery. He said the United States, 'for the first time in my knowledge, is in danger of invasion from another country.' Eastland said this country by 1950 will have a \$50,000,000,000 budget and that 'year by year, the military expenditures will increase. Not only will we re-arm ourselves, but also other countries.'

Volunteers Will Meet
Ulster County Volunteer Firemen's Association will meet at 8 o'clock tonight in the new fire station at Lomontville. This will be the final meeting of the year until January and all members are urged to attend. A special program has been planned.

Salvatore Ferraro Marries Susan Bunce In St. Mary's Church

St. Mary's Roman Catholic Church was the setting for the marriage of Miss Susan Mary Bunce, daughter of Mr. and Mrs. Frank Bunce, 178 Third avenue, to Salvatore Ferraro, son of Mr. and Mrs. Joseph Ferraro of Glasco. The wedding took place Sunday at 2:30 p. m. with the Rev. John A. Flaherty performing the double ring ceremony.

Theodore Riccobono was organist. Martin Kelly sang Ave Maria. The church was decorated with white and yellow chrysanthemums and candles.

The bride wore a white satin gown with lace bodice; a full skirt with train also trimmed with lace. Her fingertip veil was caught to a tiara of seed pearls and she carried white roses.

Miss Evelyn Bunce, sister of the bride, as maid of honor, wore an orchid gown with matching tulle

and carried pink roses. Bridesmaids were the Misses Lorraine Bunce of Bridgeport, Conn., cousin of the bride, Jacqueline McCarty, another cousin, Shirley Norton of this city, and Frances Petramale of Glasco, cousin of the bridegroom. They wore blue green satin gowns with matching tulle and carried yellow roses.

Thomas Carlinio of Glasco was best man. Ushers were Richard Morsey of Bridgeport, Conn., Dominick Ferraro, cousin of the bridegroom, Michael Battaglinio, and Thomas Brocco of Glasco.

A wedding reception for 300 guests was held at the White Eagle Hall. Afterward Mr. and Mrs. Ferraro left for a wedding trip to New York and Bridgeport, Conn. For traveling she chose a grey dress, blue box coat trimmed with fur, black accessories and corsage of yellow roses. They will make their home in Barclay Heights, Saugerties.

Mrs. Ferraro is employed at Kingsley Fashions. She is a graduate of Kingston High School.

Mr. Ferraro is employed in the cement mills at Comenon. He served with the Marine Corps in the South Pacific and Japan.

Knit Your Own High Style: Yarn Patterns Boast New Look

New York — (NEA) — The woman who can afford to laugh at the high cost of smart winter woollens is the lady who knits.

A smart hand-knit original which commands a fabulous price when purchased may be clicked off needles for only the cost of the yarn and a pattern.

Yarn-counter pattern books which provide infinite choices of high-fashion designs also supply directions which guide the knitter every stitch of the way.

For proof that new hand-knit designs are high-fashion, take a look at the three shown. At the right is the darling of the fashion field this fall—the "chicory" stole. This 65-inch-long woolen scarf may be as extravagantly fringed as a knitter desires and its stripes color-keyed to any dress or suit in a winter wardrobe.

The two-piece woolknit dress, center, proves that The Look is as well established on yarn counters as on dress racks. Vertical ribbing simulates vertical pleats for a skirt of new flared fullness. Rib-stitched pockets, placed on the jacket to round out its neckline, are other examples of new look details which may be knitted in at home.

The three-piece woolknit suit, left, presents a new bustle-back jacket, a check-mark neckline, covered buttons and an ensemble blouse which features a stylized two-toned print on white.

Y.W.C.A. Holds Fellowship Service

More than 50 people gathered at the Y.W.C.A. Sunday afternoon to participate in the local association's celebration of World Fellowship week. The inspirational service was led by Mrs. Frank Thompson with Rabbi Herbert I. Bloom of Temple Emanu-El giving the benediction.

A play was presented entitled "At the Y.W." The cast included the Misses Dorothy Dumond, Alice Johnson, Rebecca Wachtel, Lucy Smith, Jean Yerry, Jean Terrilliger, Ethel Sicker, Ferol Lewis, Rose Crociello, Rita Amarello, Lorraine Musley, Leann Fister, Margaret Danford and Mrs. Herbert Fister.

At the tea table Mrs. Thompson and Mrs. Fister poured. The refreshments were arranged by the hospitality committee: Mrs. Vincent Connolly, Mrs. Charles A. Terwilliger and Miss Frances Osterhout.

Wallace-Newkirk Joust Is Heavyweight Natural

Both Boast Great Amateur Records

Kingston has a heavyweight match booked for Thursday night, because of publicity to the effect that nobody would box Coley Wallace.

Bobby Newkirk of Philadelphia read that none of the amateurs wanted any part of the New York City Golden Gloves champion and boiled over.

He appealed to his handlers: "Get me that shot at Wallace." Dr. Saul Goldfarb, chairman of boxing for "31" night, heard from the Quaker City stable and lost no time grabbing off the match for his auditorium show.

Thompson Cancelled
He immediately cancelled the Jackie Thompson-Johnny Saxon lightweight attraction, and announced the Wallace-Newkirk star bout.

"I wanted to get this scrap before there was any change in the attitude of Newkirk," he told a sports writer. "We've been looking for a heavyweight brawl for a long time. The fans want it, so here's their chance."

Kingston has been without a heavyweight attraction ever since the night that Wallace defeated Paul Simpson. One of his terrific smashes broke the Cleveland boy's jaw and put him on the shelf. From then on available heavies shied away from the New Yorker, who went on to win the metropolitan Golden Gloves title.

Newkirk Confident
During the tournament, Newkirk boxed the New Yorker. Although he lost, he didn't consider Wallace the murderous type of puncher and has been awaiting another shot at him.

"I think I can beat Coley now," he said in accepting Thursday's match. His attitude and Wallace's

To Honor Golfers

Members of Wiltwyck and Twaalfskill Golf Clubs will honor Maurice Davenport of Wiltwyck, newly crowned city golf champion, at a testimonial dinner tonight at the Stuyvesant Hotel at 7 o'clock.

Davenport will receive a championship trophy, while the permanent championship plaque will go to Wiltwyck. Guest speaker will be Lawrence Robinson, golf and football specialist of the World Telegram.

record angers a real clash with plenty of punching. Comment among fans indicates that there will be a capacity crowd at the auditorium for the scrap and its supporting bouts featuring a couple of middleweight matches and welterweights.

Albright On Card
One Kingston leather slinger is on the card this time, "Butch" Albright, a 160-pounder, who fights a slam-bang style. Although he has been out of action for several months, his usual following is expected to be among the mass of rooters Thursday.

Albright is paired for three rounds with Jimmy Jimpson of Valatie, another club fighter. Five-rounders, other than the main go, are:

Sid Barensen, 142, Berkshire School, Canaan, N. Y., vs. Jimmy Hall, Buffalo, a stablemate of Thompson. Both are rated as rugged, hard-hitters. Barensen having 15 knockouts to his credit over a short period.

Dick Tuttle, 160, Gloversville, middleweight champion of the Adirondack A. A. U. vs. Jackie Monroe, Buffalo.

Potter's, Beichert's and Sickler's romped to impressive victories in the second bracket of City Recreation League basketball games last night at the municipal auditorium.

The sporting goods representatives bowled over Village Rest, 61-35, Sickler's outclassed Skyline, 58-19, while the Studebakers registered a stunning upset, 53-48, at the expense of the highly favored Wiltwyck Motors.

Capt. Frank Sass and the Beichert club were forced to play the last five minutes with only four men on the court when Danny Basch fouled out.

When Basch left the game, Wiltwycks were leading 46-45 but the Studebakers staged a terrific rally with Dick Priest and Gene Fitzgerald sinking crucial deuces in the waning seconds of the game.

Fitzgerald Gets 18
Best individual scorer of the night was Gene Fitzgerald of Beichert's with 18 points.

Horseplayers Bet 333 Million in '48

New York, Nov. 16 (AP)—The 4,514,277 racegoers who bet \$333,028,308 at New York tracks this year had to pay \$52,338,505.90 for that privilege. The latter figure is the 15 per cent "take" plus breakage.

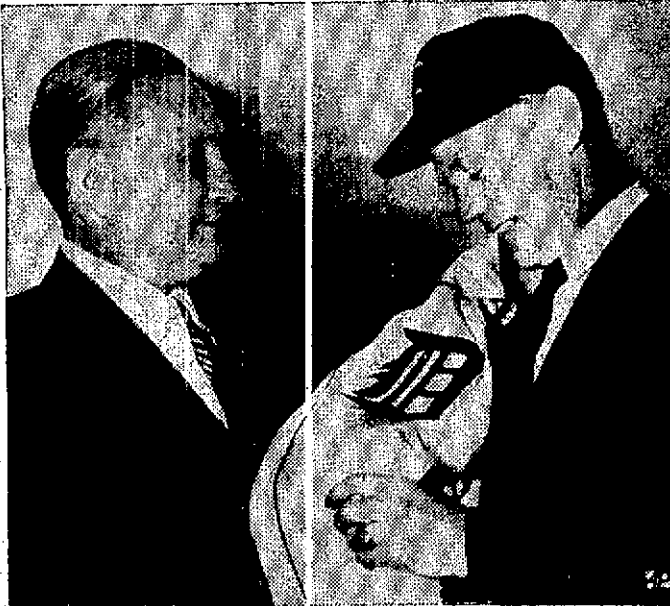

The 196-day season, longest in New York turf history, ended yesterday at Jamaica and, in keeping with the general trend around the country, both wagering and attendance dipped from last year. The drop in daily averages were used for comparisons, since there were only 188 days of racing last season.

According to the track, the average gate this year was \$332,240. The daily mean for betting amounted to \$1,899,124.

In 47 the averages were 24,383 and \$1,875,622, the totals being 4,584,633 and \$352,624,464. The total take, including breakage, last season hit \$55,550,315.69.

During the 1947-48 season, 32,240,000 State won 29 of 32 basketball games, rolling up 2,400 points, a 75.2 per game average.

In The Pocket with CHARLIE TIANO

Bagatelles:
Kingston's first college football game since 1924 was a bruising spectacle between two well-matched teams. Although St. Lawrence lost 98 yards rushing, they outplayed the favored Gettysburg Bulls by a handsome margin and should have won. They stopped Ross Sachs a great forward passer, in his tracks and the Larrie line showed why it is ranked among the first ten in the small college group. A young man from Albany, Bernie Connors, proved quite a halfback for the Larries.

The entertainment furnished by the St. Lawrence band between halves was beautifully done and was big league all the way. The attendance perhaps did not come up to local expectations and we thought Kingstonians could have supported the game in better style. Threatening weather undoubtedly cut into potential attendance, as it always does at uncovered municipal stadium.

Messrs. Clarence Rowland, Chester Baltz Sr., and Arthur J. Laidlaw and everyone else connected with the promotion deserve a round of applause for a job well done.

A Straight Ticket for the Irish:
Since the start of the 1948 football season we have voted the straight ticket for Notre Dame as the No. 1 team in the Associated Press' weekly poll. Saturday's squeaker against Northwestern didn't change our mind and we plan to follow the straight ticket until Michigan, Pennsylvania, Ohio State, Army and other gridiron powers show an inclination to mix it with Leahy's Legions. Northwestern, still in the top ten, scared the Fighting Irish, but if you'll check the statistics you'll learn that they took quite a pushing around. For the week we rated them in this order: Notre Dame, Michigan, Army, California, Penn State, North Carolina, Northwestern, Clemson, Georgia, Ohio State, The Buckeyes of Columbus, Ohio, could be the steepest pick of the week against undefeated Michigan.

Requiescat in Pace:
The myth that Johnny Ferraro's major leaguers are the top bowling combination in Kingston has been disproved. Town Cafe upended them Saturday night and will do it every time that Ferraro, the architect, doesn't furnish at least 650 for his squad.

Flotsam and Jetsam:
Sal Benincasa, the unsung hero of the Kingston High School line, Football Coach M. Paul Ben is ended a 25-year career Saturday by leading Hartwick College to a housing 25-12 homecoming victory over Wagner. Warrior players carried the former University of Tennessee mentor off the field after the game. DUSO coaching staffs are co-operating with the scriveners in selecting the 1948 All-DUSO football team. . . . Albany Business College banking on Don Riehl's set shots this season. . . . Bowl ng shocked by the sudden death of Edward Menzel, a popular member of the Necedo League, Kingston night clubbers also remember him as the bartender at The Barn for nearly 15 years. One cat teloned to his family. . . . Wes Wehrum, the New York Giant catcher, is a member of the newly formed Poughkeepsie professional basketball team. Wes is a great play maker and floor man.

Holman Rates Sedran Best of All:
Old time basketball fans will be surprised to learn that, in picking an all-time pro basketball team, Nat Holman, Original Celtic Imperial, omitted the name of Benny Borgmann, one of the greatest shots in the history of the game.

Holman's choices were Murty Friedman and Barney Sedran, forwards; Ed Watcher, of Troy, center; Johnny Beckman and Dutch Dehnert, guards. With traditional modesty Holman left out his own name, but everyone knows he belongs. Still it seems strange that Borgmann didn't rate in his book. He must have seen plenty of Borgmann in that famous series with "Pop" Morgenweck's Kingston club. Holman names 5-foot 7-inch Sedran as the greatest player he ever saw.

MULLIGAN MIKE SA'YS: A modest girl never pursues a man. For that matter neither does a mouse trap pursue a mouse.

Ray Robinson Fails to Impress In Win Over Lee in Philly Ring

Philadelphia, Nov. 16 (AP)—Ray (Sugar) Robinson didn't look last night like the man Joe Louis recently called "pound for pound, the greatest fighting machine in the ring today."

The Harlem dandy won a unanimous 10-round non-title decision over undersized Bobby Lee of Baltimore but many in the arena crowd of 4,792 cried "draw" at the fight's end.

The welterweight champion—weighing in at 154—obviously was far from the devastating fighting man who won the title two years ago from Tommy Bell. He was awed and seemingly startled to allow the energetic Lee to beat him in his last three bouts—to carry the fight. The squat 148-pound Baltimore fighter battered the champion about the body with sharp rights and lefts. Occasionally he beat Robinson to the punch.

Drop Foo In 9th:
But even with an off pat performance Robinson received a seven to three verdict from referee Charles Duggan, a six and four win off the card of Judge Harry Lasky and a 6-2 decision from Judge Leo Costello.

The Associated Press agreed with Lasky's 6-4 verdict. Robinson began to find the tiring Lee with vicious body punches in the fifth and finally in the ninth round floored his stubborn opponent with a bolo punch for a count of nine.

Lee kept his distance in round 10. The crowd paid \$11,645 to see Robinson record his 89th victory, equalling the record he established as an amateur.

Baltimore—Archie Moore, 174, St. Louis, outpointed Henry Hall, 170, New Orleans (10).

Michigan Increases Lead Over N.D. in AP Grid Poll

New York, Nov. 16 (AP)—With only one more game to play, Michigan has taken a commanding lead in the race to be named the best football team of the year.

The Wolverines moved more than 200 points ahead of runner up Notre Dame by grabbing 130 first place votes in the weekly Associated Press poll of football writers and broadcasters.

They had a total of 1,952 points compared with 1,721 for the Irish, who led at the end of the regular season vote last year.

Army is in third place with 1,426 and California in fourth with 1,288. North Carolina, with 1,034, climbed from sixth to fifth on the strength of its smashing victory over Maryland.

Completing the first ten, in order, are Penn State, Northwestern, Oklahoma, Clemson and Southern Methodist.

Swamped Indiana
The mighty men of Michigan grew in prestige by swamping Indiana, 54-0, Saturday while their main challengers, Notre Dame and Army, were shouldering through in the hardest way.

The Irish had to rally late to beat out Northwestern, 12-7, while the Cadets won in the last 30 seconds over Pennsylvania, 28-20.

The extent that the Wolverines rose in favor is reflected in the distribution of first place votes. Notre Dame, which had the largest batch of these, last week, received only 27 compared with Michigan's 130.

The point standings on a 10-9-8-7-6-5-4-3-2-1 basis (first place votes in parentheses):

1. Michigan (130)	1,952
2. Notre Dame (27)	1,721
3. Army (5)	1,426
4. California (16)	1,288

Tech's Alexander Honored for Record

New York, Nov. 16 (AP)—W. A. (Bill) Alexander, Georgia Tech athletic director, is winner of the 1948 National Touchdown Club award as the person who has done the most for football over a long period of time.

The club made the announcement yesterday at the weekly meeting of New York football writers.

Last year's award went to Glenn S. (Pop) Warner. Others to receive the honor have been Coach Lou Little of Columbia and the veteran Alonzo A. Stagg, now associate coach at Susquehanna.

Alexander was head coach at Georgia Tech from 1920 through the 1944 season. He became athletic director when Bobby Dodd succeeded him as mentor.

His teams won 133 games, lost 95 and tied eight. He was the first coach to send teams to the four major bowl games.

Mauriello's Victory Satisfies Skeptics

Holyoke, Mass., Nov. 16 (AP)—There were many skeptical fans before the fight but the bout seemed to satisfy them all as New York's Tami Mauriello ended a rugged, heavyweight battle by knocking out Leo Stoll of Baltimore in 50 seconds of the fourth round at Valley Arena.

Through most of the fight last night Mauriello, who weighed 201, and Stoll, who was four pounds heavier, belted each other with heavy rights and lefts. Both were off in their timing and missed frequently.

In the second round of the scheduled 10, Stoll went down from a solid left to the chin for a count of nine. Then in the fourth, Mauriello finally connected with his overhand right to end the bout.

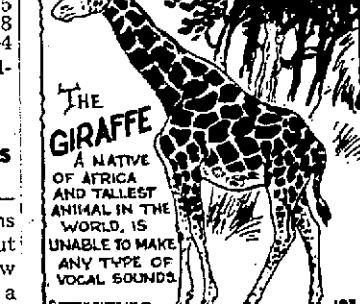

A crowd of 1,751 saw Mauriello hand out his third knockout in as many fights in his "comeback."

Penn's Chuck Bednarik To Play in North-South

Miami, Fla., Nov. 16 (AP)—The University of Pennsylvania's great center, Charles (Chuck) Bednarik, has accepted an invitation to play in the Mahi Shrine Temple's North-South football game here Christmas night.

Potential Harry Ebricht announced Bednarik's acceptance last night following a conversation with Coach Herman Hickman of Yale, who will handle the northern squad.

POUGHKEEPSIE-NEW PALTZ

Financial and Commercial

New York, Nov. 16 (AP)—Broad demand lifted the stock market for the third session in a row today.

Brisk activity developed from the opening bell onward. Offerings came out liberally, though and gains generally ranged around a point or less. A handful of stocks turned out to be balky.

Many Wallstreeters took the view that extreme apprehension over policies of the new administration has run its course and that favorable items in the domestic news picture deserved more consideration.

Thought was given, too, to signs of widespread opposition to another excess profits tax, a possibility which has caused considerable head-shaking since the elections.

Pittsburgh Consolidation Coal made a better than average showing following word of a boosted dividend. The stock advanced more than 2 points at one time but was later shaded a bit.

Others higher included Bethlehem Steel, Youngstown Sheet & Iron, Union Pacific, Standard Oil (N.Y.), Gulf Oil, General Motors, Firestone Tire, Sears Roebuck, J. I. Case, Caterpillar Tractor, Schenley, Superior Oil of California, Western Union, Southern California Edison, American Can, du Pont, Johns-Manville, J. C. Penney, American Tobacco, and Pan American Airways.

Shaded a trifle were U. S. Steel, Goodrich, United Aircraft, Westinghouse Electric, and Pacific Western Oil.

American & Foreign Power \$7 and \$8 preferreds dropped again to new lows for the year. The issues started to slide Saturday on news that several stockholders had appealed a reorganization plan.

Quotations by Morgan Davis & Co., members of the New York Stock Exchange, 60 Beaver street, New York city, branch office, 41 John street, R. B. Osterhoudt, manager.

Charged With Running Still

Here are the five men arrested this morning by Treasury agents and state police in connection with operating an alcohol still at New Paltz: Frank Nuccio, Vincent Nuccio, Joseph Gambino, James Szablonie and Rosario Coletti. Outside of barn on Galante farm, New Paltz, in which still was situated, and with truck partly loaded with 100 five-gallon cans, valued at \$2,000, Vincent King and Paul Slaninger, Treasury Department investigators, look over still. Buddington Serving On Cruiser Des Moines

Robert Harold Buddington, son of Mr. and Mrs. Harold Buddington of the St. Remy-Rifton road, is an apprentice fireman aboard the new cruiser, U.S.S. Des Moines, which is being commissioned in Boston harbor today.

The U.S.S. Des Moines, latest addition to the Navy, is the world's largest cruiser.

Young Buddington enlisted in the Navy in July after his training period at Great Lakes and was assigned to the Des Moines as apprentice fireman. He recently spent a 12-day leave at home prior to reporting to the cruiser.

After Guerrillas

Seoul, Korea, Nov. 16 (AP)—Two widely separated concentrations of guerrillas were sought today in South Korea. A Korean army spokesman said remnants of Communist-led rebels who began the Yosu-Sunchon uprising in October 20, have massed into a band that may number 300 near Kurye, 15 miles north of Sunchon near the southern coast. Three units of the Korean army were closing in on them. Home Minister T. Y. Yoon said between 300 and 400 Korean police were seeking another guerrilla band in a mountainous section of Waengwon province within 20 miles of the dividing line between North and South Korea.

Up to Truman

Washington, Nov. 16 (AP)—Republican leaders indicated today that President Truman must take the lead in any move to step up American aid to Communist-plagued China. Senator Wiley (R-Wis.) put forward a proposal for a joint session of Senate and House foreign affairs committees to consider Nationalist China's plight. This won a slightly warmer welcome from Republicans generally than a suggestion last week by Senator Bridges (R-N.H.) for a special session of the 80th Congress to act on immediate aid.

Russia Blamed

Paris, Nov. 16 (AP)—Did Russia give the order for the costly strikes in France this autumn? The French Parliament reconvenes today and that is one of the first questions it wants answered. Before the National Assembly, Parliament's lower house, is a motion for a debate on the government's charges that Russia did push the button for the strikes.

To Coach Children

New York, Nov. 16 (AP)—The Brooklyn Dodgers' two negro baseball stars are learning their boy admirers do not regard them with unbridled awe. Jackie Robinson, infielder, and Roy Campanella, catcher, made their first appearance yesterday at the Harlem Y.M.C.A. where they plan to coach youngsters in athletics and calisthenics all winter and "help keep them off the streets."

Mrs. Roland Newkirk has arrived here from Germany where she was married to Staff Sergeant

Attorney Cahill Dies

New York, Nov. 16 (AP)—David C. Cahill, 64, who, as a former assistant U. S. attorney sent the late Gerald Chapman to jail for a \$2,400,000 mail robbery, died yesterday. Cahill served as assistant U. S. prosecutor in New York's southern district from 1918 to 1923. In 1921 he prosecuted Chapman and his confederate, George "Dutch" Anderson, for robbing a mail truck on Broadway.

Rigid Crop Curbs Or Cash Subsidies Are Hit by Grange

Portland, Me., Nov. 16 (AP)—Proposals to use either rigid production crop controls or cash subsidies to keep farmers prosperous were rejected today by a National Grange convention committee.

In a report to the farm organization meeting, the Grange agriculture committee declared full output by industry would do more than anything else to maintain farm prosperity.

Failure of industry to keep pace with farm output was claimed to be the major cause of farm depression.

"The Grange believes," the report said, "that the so-called 'farm problem' is in the main a result of the failure of industry to keep its output in balance with the abundant output of farms, and of the resulting failure of farm prices to remain in proper balance with prices of other goods and services."

The committee did not propose, however, the junking of all federal farm-aid programs.

It would keep price supports, but would use them chiefly as devices to help guide production away from surpluses and shortages. It would use them also to prevent a ruinous collapse in prices.

The committee urged that crop controls be used only as a "last resort" to combat surpluses and low prices.

The report, which will be acted upon by the convention later in the week, slapped at a cash subsidy plan advocated by J. W. Fichter, master of the Ohio Grange.

Would End Supports

Fichter would do away with all price supports. He would allow uncontrolled markets to set farm and food prices. If those prices failed to give farmers a fair income, the government would pay the difference in subsidies.

"Subsidies are in reality for the benefit of consumers," the committee said. "But the stigma of drawing money out of the treasury attaches to the farmer."

Moreover, subsidies operate to increase our colossal national debt and are in themselves inflationary.

The committee's recommendations, if approved by the convention would put the Grange at odds with the prospective chairman of the powerful House Committee on Agriculture in the coming session of Congress.

That person, Rep. Cooley (D-N.C.) wants to maintain relatively high and inflexible price supports to assure a stable farm income. He would accompany them with government controls to prevent surpluses.

Cooley has stated that he will seek repeal of the type of supports urged by the Grange committee and supported by the farm organization at the last session of Congress. A long range farm law passed by that Congress authorizes flexible and somewhat lower supports than now exist. They would become effective in 1950.

In rejecting crop controls as a regular economic device, the committee said the farm is the only portion of "our free enterprise system that is inherently and at all time an abundant producing unit."

"We are firmly convinced that an economy of scarcity is directly and always antagonistic to the inherent nature of the family type farm."

The committee said that had farmers reduced their output by one half in the early thirties, as it said industry did on the average, "no power could have prevented a revolution," because there would have been "starvation."

The report endorsed the present government policy of paying subsidies to farmers for soil conservation.

It favored plans under which normal export crops could be offered abroad at cut-rate prices to meet foreign competition.

It also endorsed the federal school lunch and food stamp programs as measures for improving the national diet and helping low income families.

10 Are Indicted For Shipping Planes

Miami, Fla., Nov. 16 (AP)—A federal grand jury yesterday indicted 10 persons on charges of unlawfully exporting three planes from Miami to Zatec, Czechoslovakia.

Twenty-one others were named as conspirators but not as defendants.

The grand jury listed defendants as:

Adolph W. Schwimmer, alias A. Allen, Bridgeport, Conn.; Charles T. Winters, Miami and San Juan, P. R.; Irwin R. Schindler, Miami Beach; Abraham J. Levin, North Hollywood, Calif.; Leon Gardner, alias Leo Gardner, North Hollywood; William Sosnow, alias Lou Gordon, New York city; Michael Kane, identified only as a California resident; Leonard Burns, San Francisco; Ervin L. Johnson, alias E. L. Johnson, and C. L. Johnson, no address.

Prosecuting Attorney Fred W. Botts said the case would come to trial Jan. 24 and that no prosecution would face the pilots or conspirators.

Supervising Customs Agent Chester A. Emerick said the same organization also exported illegally one Constellation from Newark, N. J. The plane, he said, cracked up at Zatec after 10 missions carrying personnel and war implements to Tel Aviv, Israel.

He said they had arranged to export four A-20 bombers recently seized by customs agents in Fort Lauderdale to Zatec from Westchester County Airport, Purchase, N. Y., and that negotiations for purchase of a B-17 were in progress when the case was presented to the grand jury.

Forgets Family 40 Years, Suddenly Goes Home

Tampa, Fla., Nov. 16 (AP)—After forgetting all about it for 40 years, a gold and silver miner remembered all at once that he had a wife and son.

So 71-year-old Otto Buehring, who prospected in the west, but never struck it rich, came to this Florida west coast city to be reunited with his wife Henrietta, who is 73.

The reunion of Buehring and the wife he hadn't seen since 1908 took place yesterday. Letters had softened the impact of confronting each other after four decades of separation.

Each had a lot of things to talk about.

Buehring about searching for gold and silver in Nevada, Montana and Wyoming. About a memory that had faded after an accident in a factory in Chicago—the year Henrietta had gone to visit relatives in Holland—1908. About years of wandering, and about the time his memory began to return.

Henrietta about her marriage to Thomas Johannsen, a blacksmith, after she had searched for Otto for eight years and failed to find him. And about Otto's son Charles who was two years old when Otto last saw him but is a married man now.

Johannsen is dead, and Henrietta says she still considers herself married to Otto—they married in the Catholic Church—and both she and Otto say they are ready to start life together all over again.

Council of Churches To Give Aid to D.P.'s

Every church affiliated with the New York State Council of Churches will be asked to arrange for the resettlement and readjustment of at least one displaced person or family of displaced persons in the next year under a program approved by directors of the council.

The program, which is based on the following resolution adopted by the board:

"WHEREAS 205,000 displaced persons of Europe through recent legislation are now permitted to come to this country in the next two years, and

"WHEREAS most of the denominational bodies which we represent have expressed their concern for these displaced persons and called upon our churches to find suitable jobs and housing for them,

"BE IT RESOLVED that we, the members of this New York State Council of Churches meeting in Syracuse, proceed upon an active program for the resettlement of displaced persons by asking each of our churches to make definite plans for the resettlement of at least one individual or family during the coming year and assist them in becoming adjusted to the life of the community and to share the fellowship of our churches."

Will Compare Notes

Washington, Nov. 16 (AP)—American, British and Canadian fliers plan to compare notes on aerial scouting. The air force announced today that 50 officers from the three countries will meet November 22 through December 3 at the Topeka, Kas., air base to study aerial reconnaissance methods and tactics.

Brig. Gen. Paul T. Cullen, commanding the 311th Air Division, Reconnaissance, stationed at Topeka, will be the host.

Elizabeth Bentley Takes Instructions

New York, Nov. 16 (AP)—Elizabeth T. Bentley, self-styled former Communist spy reported missing for a month, is in a retreat here taking instruction in the Roman Catholic faith, the New York Daily News says.

The News, in a copyrighted story, said today Miss Bentley has been in a Roman Catholic retreat in this city for about a week, and has been taking religious instruction from Msgr. Fulton J. Sheen.

She formerly had been in a Catholic retreat in Hawthorne, N. Y., The News added.

Miss Bentley was reported missing last Saturday by attorneys who filed a
